ETIQUETTE

CONSIDERATION FOR OTHER PLAYERS

A player should be allowed to play before their opponent or fellow competitor tees their ball.

No one should move, talk or stand close to or directly behind the ball or the hole when a player is addressing the ball or making a stroke. Slow play is a scourge and encourages people to take up bowls. Remember our place in the field is just behind the group ahead and not just in front of the group behind.

In the interest of all, players should play without delay, walk briskly between shots towards your ball and be ready to play when it is your turn. Slow play is a distraction to most players. Taking a practice swing is encouraged but taking numerous practice swings must be discouraged. The lowest handicapper in a group is responsible for the speed of play.

No player should play until the players in front are out of range however higher handicap players are encouraged to play out of turn if they are unable to reach the players ahead.

In Stableford and Par events, pick up your ball as soon as you are unable to score on a hole. When you come to the green put your bag, off the green, between the flag and the path to the next tee.

Players searching for a ball should signal the players behind them to pass as soon as it becomes apparent that the ball will not easily be found. If not found after searching for three minutes the ball is lost and play must move on. They should not continue play until the players following them have passed and are out of range.

When the play of a hole has been completed players should immediately leave the putting green and mark their cards while waiting to play their shot on the next tee. The player with the honor on the tee should mark their card after playing their tee shot.

We play for vouchers – not sheep stations. Saving a minute on each hole means your game is 20 minutes faster.

PRIORITY ON THE COURSE

In the absence of special rules, two-ball matches should have precedence over, and be entitled to pass any three or four ball matches. A single player has no standing and should give way to a match of any kind.

Any match playing a whole round is entitled to pass a match playing a shorter round.

If a match fails to keep its place on the course and loses more than one clear hole on the players in front, it should allow the match following to pass. Course staff have right of way.

CARE OF THE COURSE

Members are requested to accept responsibility to see that all players; public as well as other members, observe the necessary requirements for conduct, preservation and maintenance of the course. All players must carry a sand bucket and repair all divots through the green

CARE OF THE COURSE *(Continued)*

Do not wheel golf buggies on to the putting greens or tees. Before leaving a bunker, smooth over all holes and footprints made and leave the rake in the bunker facing the direction of play. Replace all divots and repair pitch marks.

Repair damage to the green caused by golf shoe spikes on completion of the hole.

Ensure no damage is done to the green when laying down bags or flag sticks.

Avoid damage to the green by not leaning on your putter as you retrieve the ball.

In taking practice swings, players should avoid damaging the general area and Tees.

Golf carts must not be driven dangerously or through muddy areas or within 5 metres from tees and greens.

GUIDELINES FOR THE PREVENTION OF SLOW PLAY

Members can minimize round times by adopting the following:

- Be Aware of your position regarding the group in front.
- Do not concern yourself with the group behind, the fact that you are not holding them up is irrelevant as it is your group's responsibility to keep up with the group in front.
- If you feel that your group is falling behind, advise the other players in your group
- If your group is behind, try to catch up quickly.
- If you lose a clear hole and are delaying the group behind, invite the group behind to play through.
- Do not wait until it is your turn to play before putting your glove on.
- Do not wait until it is your turn before calculating your yardage and selecting your club.
- Look at your own line of putt while the other players in the group look at theirs and putt. (within the bounds of normal etiquette)
- At the green, leave your golf bag/buggy to allow quick movement from the green to the next tee.
- Play a provisional ball if your ball may be lost in a hazard or out of bounds.
- Remember, if you keep up with the group in front, you cannot be accused of slow play.

Slow Play Rules are contained with the Clubs Local Rules and Conditions of Play.
